Library Reading Challenge
2016-17

PURPOSE: The purpose of *was_squatch WMS Reads* is to promote the love of reading and make an opportunity for shared reading across all academic programs at WMS. Each year a list of 32 books from all literary genres, featuring diverse characters, settings, plots, and information is developed with an eye to highlighting genres, themes, formats. We seek to include old-time favorites and classics as well as new, hot-off-the-press publications. For the 2016/17 school year featured themes are: soccer; elections; challenged books; and plain old good reads.
